

Overview – Print ACORD Forms with XML or AL3

The SIS Print Service offers a fresh approach to printing from carrier web sites. Using PDF and Microsoft .NET technology, the Print Service provides a universal printing solution for all ACORD forms, company unique applications, and supplemental forms. Highlights of the SIS Print Service are:

Drastically reduce your time to market with product changes.

Product Benefits

- ⇒ Increase your ease of doing business offering to your agents
- ⇒ Reduce internal staff needed to update ACORD data formats
- ⇒ Automate book of business rollovers

Industry solutions designed around you – because we are all in this together.

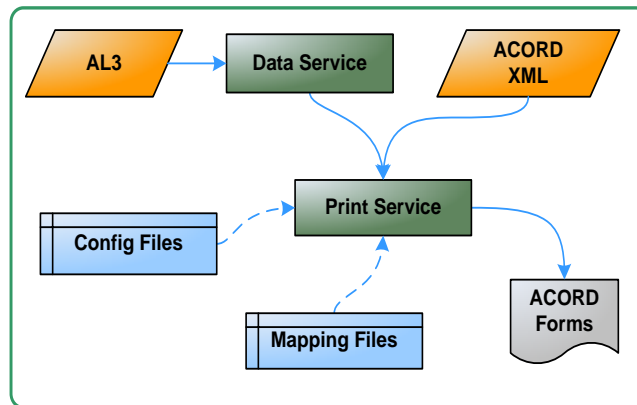

“The SIS Print Service greatly enhanced our ease of doing business capabilities... Our agents absolutely love this functionality!”

Doug Allen
